Preface ix

Ecosystem level, top-down control

Brackish and freshwater shallow lakes – different systems or variations on the same theme?
by B. Moss 1

Does the impact of nutrients on the biological structure and function of brackish and freshwater lakes differ?
by E. Jeppesen, M. Søndergaard, E. Kanstrup, B. Petersen, R.B. Eriksen, M. Hammershøj, E. Mortensen, J.P. Jensen & A. Have 15

The consequences of a drastic fish stock reduction in the large and shallow Lake Wolderwijd, The Netherlands. Can we understand what happened?
by M.-L. Meijer, E.H. van Nes, E.H.R.R. Lammens, R.D. Gulati, M.P. Grimm, J. Backx, P. Hollebeek, E.M. Blaauw & A.W. Breukelaar 31

Trophic interactions in a shallow lake following a reduction in nutrient loading: a long-term study
by M.R. Perrow, B. Moss & J. Stansfield 43

Top-down control of phytoplankton in a shallow hypertrophic lake: Little Mere (England)
by L. Carvalho 53

Food web manipulation in a small eutrophic Lake Wirbel, Poland: effect of stocking with juvenile pike on planktivorous fish
by A. Prejs, A. Martyniak, S. Boroń, P. Hliwa & P. Koperski 65

Environmental effects of introducing whitefish, *Coregonus lavaretus* (L.), in Lake Ring
by S. Berg, E. Jeppesen, M. Søndergaard & E. Mortensen 71

Predator–prey relationships within the pelagic community of Neusiedler See
by A. Herzig 81

Ecological interactions in a shallow sand-pit lake (Lake Créteil, Parisian Basin, France): a modelling approach
by J. Garnier & G. Billen 97

Ecological models and the pitfalls of causality
by M. Scheffer & J. Beets 115

Phytoplankton, zooplankton

Long-term compositional response of phytoplankton in a shallow, turbid environment, Neusiedlersee (Austria/Hungary)
by M.T. Dokulil & J. Padisák 125

The time course of phytoplankton biomass and related limnological factors in shallow and deep lakes: a multivariate approach
by M. Alvarez Cobelas, J.L. Velasco, A. Rubio & C. Rojo 139

Long-term phytoplankton changes in a shallow hypertrophic lake, Albufera of Valencia (Spain)
by S. Romo & R. Miracle 153

Population dynamics of *Limnothrix redekei*, *Oscillatoria lanceaeformis*, *Planktothrix agardhii* and *Pseudanabaena limnetica* (Cyanobacteria) in a shallow hypertrophic lake (Spain)
by C. Rojo & M. Alvarez Cobelas 165

Polymixis of a shallow lake (Grosser Müggelsee, Berlin) and its influence on seasonal phytoplankton dynamics
by B. Nixdorf 173
Influences of the lowland river Spree on phytoplankton dynamics in the flow-through Lake Müggelsee (Germany)
by J. Köhler & B. Nixdorf 187
Relationship between trophic state and plankton community structure in 21 Sicilian dam reservoirs
by L. Naselli Flores & R. Barone 197

Macrophytes
Submerged macrophytes in the recently freshened lake system Volkerak-Zoom (The Netherlands), 1987–1991
by J. Schutten, J.A. van der Velden & H. Smit 207
The influence of ammonia on the growth and photosynthesis of *Ruppia drepanensis* Tineo from Doñana National Park (SW Spain)
by L. Santamaría, C. Dias & M.J.M. Hootsmans 219
Colonization and succession of submerged macrophytes in shallow Lake Væng during the first five years following fish manipulation
by T.L. Lauridsen, E. Jeppesen & M. Søndergaard 233
Restoration of Botshol (The Netherlands) by reduction of external nutrient load: recovery of a characean community, dominated by *Chara connivens*
by J. Simons, M. Ohm, R. Daalder, P. Boers & W. Rip 243
Nutrient cycling in shallow, oligotrophic Lake Kvie, Denmark. I: Effects of isoetids on the exchange of nitrogen between sediment and water
by K.R. Olsen & F.Ø. Andersen 255
Nutrient cycling in shallow, oligotrophic Lake Kvie, Denmark. II: Effects of isoetids on the exchange of phosphorus between sediment and water
by F.Ø. Andersen & K.R. Olsen 267
Can *Chara* control phosphorus cycling in Lake Łuknajno (Poland)?
by L. Kufel & T. Ozimek 277
Phosphorus fluctuation in water and deposition into sediment within an emergent macrophyte stand
by T. Kairesalo & T. Matilainen 285

Benthos, benthic-pelagic coupling
Benthic–pelagic interactions in shallow water columns: an experimentalist's perspective
by S.T. Threlkeld 293
Fish interactions with the sediment–water interface
by J.M. Cline, T.L. East & S.T. Threlkeld 301
The role of zoobenthos in energy flow in two shallow lakes
by C. Lindegaard 313
Colonization and succession of macroinvertebrates in recently freshened Lake Volkerak-Zoom (The Netherlands)
by N.M.L.H.F. Frantzen, J. de Visser & E.H. van Nes 323

Nutrient dynamics, internal loading
Nutrient dynamics in shallow lakes: effects of changes in loading and role of sediment–water interactions
by L. Lijklema 335

Kinetics of luxury uptake of phosphate by algae-dominated benthic communities
by R. Portielje & L. Lijklema 349
Nutrient balances and phytoplankton dynamics in two agriculturally loaded shallow lakes
by S. Knuuttila, O.-P. Pietiläinen & L. Kauppi 359
Effect of summer weather on internal loading and chlorophyll *a* in a shallow lake: a modeling approach
by K. Kallio 371
Influence of internal loading on phosphorus concentration in shallow lakes before and after reduction of the external loading
by D.T. van der Molen & P.C.M. Boers 379
A diatom-phosphorus transfer function for shallow, eutrophic ponds in southeast England
by H. Bennion 391
Recent palaeolimnology of three shallow Danish lakes
by N.J. Anderson & B.V. Odgaard 411

Lake restoration
Alum treatment effectiveness and longevity in shallow lakes
by E.B. Welch & G.D. Schrieve 423
Effects of hypolimnetic water aeration and iron-phosphate precipitation on the trophic level of Lake Krupunder
by D. Jaeger 433
The importance of sediment phosphorus release in the restoration of very shallow lakes (The Norfolk Broads, England) and implications for biomanipulation
by G. Phillips, R. Jackson, C. Bennett & A. Chilvers 445
Long-term responses to fish-stock reduction in small shallow lakes: interpretation of five-year results of four biomanipulation cases in The Netherlands and Denmark
by M.-L. Meijer, E. Jeppesen, E. van Donk, B. Moss, M. Scheffer, E. Lammens, E. van Nes, J.A. van Berkum, G.L. de Jong, B.A. Faafeng & J.P. Jensen 457
Lake Horowhenua: a computer model of its limnology and restoration prospects
by M.M. Gibbs & E. White 467
Mathematical modelling as a tool for management in eutrophication control of shallow lakes
by D.T. van der Molen, F.J. Los, L. van Ballegooijen & M.P. van der Vat 479

Others
Factors affecting light penetration in shallow lakes
by S. Cristofor, A. Vadineanu, G. Ignat & C. Ciubuc 493
Water quality management in the River Gudenaa, a Danish lake–stream–estuary system
by J.M. Andersen 499
